WANTED.—A live young squirrel—tame or partly so. Apply at this office.

A large vein of the finest ore yet discovered on Pilot Knob, was struck last week.

Light frosts were apparent on Monday and Tuesday mornings of this week. But the grasses have not been injured, and "range" is still excellent.

Circuit Court adjourned last Saturday afternoon, after a rather busy week. The grand jury got through Friday evening, and but few indictments were found.

DIED.—At Bodie, Cal., Oct. 30, 1881, Mrs. JULIA E. BOONE, wife of Dr. Harvey Boone, and daughter of the late Judge J. P. Hayden, aged 38 years, 7 months and 14 days.

The schoolhouse is now completed, and fires are being kept up in the rooms to dry the damp walls. The Young America of the Valley will get his first whack at the walls and benches next Monday.

There is a gang of bad boys in this town whose members are making nuisances of themselves to all quiet folk. Some of them will get their names in the REGISTER if they don't look a little out.

An important change was made last Sunday in the time-card of the St. Louis, Iron Mountain and Southern Railway. No. 1 now arrives at 3:05 P. M.; No. 3 at 1:30 A. M.; No. 2 at 2:45 A. M.; and No. 4 at 10:45 A. M.

The celebration of the completion of the Caledonia College building will take place on the 12th inst. Rev. J. G. Wilson, of St. Louis, and Hon. M. L. Clardy will address the gathering. The chapel will be dedicated with the usual ceremonies.

If Bro. Johnson, of the Citizen, thinks the Academy of Music building is "at a standstill," let him come up and take a look at the "workmen engaged on it." He may get an idea or two of sufficient importance to take back to the swamps with him.

Jno. T. Baldwin is putting himself up a residence on the lots formerly owned by Mr. Dr. Gideon. The foundations are completed, and the framework will be put up as rapidly as possible. We wish him success and occasion for a larger house as the years roll on.

The clock tower on the Academy of Music is up, and now is the time to collect subscriptions for the clock. It will be of practical value to not only all residents of the Valley, but to every farmer who comes in to trade on a Saturday. We trust therefore that all will respond liberally when the man with the hat goes round.

There are several places on Main street which need graveling. One of these places is on the crossing just south of the Register office, and it ought to be attended to without delay; for nearly one-half of the people going to the post-office from the southern end of town are compelled to cross at this place. Where's the street committee?

Honorable mention should be made of the railroad men who made the improvement at the south end of the Stout's Creek bridge. The position of the steps has been changed so that those who come on the bridge pass under in stead of over the track and come up at the south end on the side walk, and so can come or go entirely safe from trains.

Game is exceeding plenty this fall, and we hear of droves of deer and flocks of turkeys every day. Dr. Goulding, who lives on the south side of Shepherd Mountain, on the western boundary of town, saw a deer within sixty yards of his bed-room window last Sunday, while flocks of wild turkeys frequently invade this premises. As soon as the colder weather sets in venison will abound.

The members of the 2d Baptist Church, of this city, intend having a Bazaar, for the benefit of their church and Sabbath school, to be held the week before Christmas. Friends wishing to aid them will find their contributions thankfully received by the committee.
Mrs. G. O. BOUTHER,
Mrs. M. J. HANVELL,
Mrs. N. J. SALSBERRY.

PERSONAL.—Mr. Gus. Moser has left again for the West.

Miss Lena Seitzinger, of Iowa, was visiting relatives at this place, last week.

Mrs. P. A. Moser left for Kansas City last week.

Mr. Charley Russell left for St. Louis one day last week.

Mrs. Geo. M. Palmer has left for Brunswick, Mo., where she will spend the winter.

Prof. H. C. Davis and family, of Iron Mountain, were in town Saturday.

Miss J. B. Broadwell, of Jacksonville, Ill., is in Ironton visiting relatives.

Mr. James P. Lindsay, Chief Head-Clark of the U. S. R. R. Mail Service, of Texas, was in Ironton a few days ago.

SAM'L T. GAY,
Committee.

Nov. 1, 1881.

In addition to the names of attorneys attending court here last week, we noticed among the later arrivals, Hon. M. L. Clardy, and B. B. Cahoon, Esq., of Fredericktown. Mr. Clardy was here but a day or two, and when a continuance was granted in the Thomas case he, in company with Mr. Cahoon, left for Farmington. Both are genial gentlemen, and their faces are pleasant to look upon. They left too soon for us. We had a little program made up for them and two or three other attorneys—but no matter. We'll catch them on the wing another time.

We give the following as a specimen of Illinois literature, verbatim, spellatin, and all. The signature is suppressed, but the remainder is according to "copy":

"Notices is here by Given that on Saturday Sept. the 3 day 1881 I will let at 10 o'clock a.m. to the best bidder the filling in of the arch Bridge on the road running from the Grand to the madoneville nomen as the Willcox Bridge.

"It will bee let on the Primeses August 27 1881.

A general reduction in the wages of the employees of the St. Louis, Iron Mountain and Southern Railway was made last week, and in consequence thereof some forty resignations have been sent in. A few months ago commissions on the sale of tickets were reduced from ten to five per cent., and last week they were further reduced to two and one-half per cent. Brakemen's wages were cut down to \$45 per month, and the cutting down process took in all classes of employees except engineers and conductors. Both agents at Arcadia resigned on the 1st inst., and at the present writing the station is without an operator. A general strike may yet result.

OUR NEW RAILROAD.—Articles of association of the Ozark Iron Mountain Railway Company were filed Monday with the Secretary of State. Capital, \$1,100,000. Incorporators, John W. Harrison, A. W. Soper, H. M. Hoxie, John C. Brown, Thos. J. Portis, R. S. Hayes, and S. D. Barlow, all of St. Louis. Length of road 110 miles, be. ining at a point hereafter to be determined, on the St. Louis Iron Mountain and Southern railroad in St. Francois or Washington counties, thence southwesterly through one or both of said counties and the counties of Iron, Reynolds, Dent, Texas and Wright to a point in said county of Texas or Wright as may hereafter be determined.

A correspondent says "It pays to take the newspapers," and thus goes on to prove his assertion: "Some papers are not of much account as to appearance, but I never took one that did not pay me, in some way more than I paid for it. One time an old friend started a little paper away down in southwestern Georgia and sent it to me, and I subscribed just to encourage him, and after a while it published a notice that an administrator had an order to sell several lots at public outcry, and one of the lots was in my county. So I inquired about the lot, and wrote my friend to attend the sale and run it up to fifty dollars. He did so, and bid me off the lot for thirty-two dollars; and I sold it, in a month, to a man I joined for a hundred, and so I made sixty-eight dollars clear by taking that paper. My father told me that when he was a young man he saw a notice that a school teacher was wanted away off in another county, and he went there and got the situation, and a little girl was sent to him, and after a while she grew up mighty sweet and pretty, and he fell in love with her and married her—now, if he hadn't taken that paper, what do you reckon would have become of me? Wouldn't I have been some other fellow, or may be not at all."

ANOTHER YOUTHFUL TRAIN ROBBER.—It was night.

It was night in several other States as well, but Arkansas is the one with which we have to deal at this writing.

It being our turn to deal.

A lightning express was booming along at the rate of sixty miles an hour. Every car was full, many standing in the aisles with that meekness and patience only seen on an American railroad, to accommodate the fellow who wants four seats all to himself.

The lamps blazed stultily over the passen-

gers' dusters, which seemed to fit fully as well as traveling dusters usually do.

The conductor had passed through (which was more than he would allow any one else to do without the requisite pass), punching people into wakefulness in order that he might punch their tickets.

The train boy had filled the passengers' laps with books, to keep them from bouncing in their seats while going over rough places.

The brakeman had put his head in and shouted, "The next stopping place is—" the name of the station being lost in the clamoring of the door.

The boy who is always dry had made his fifty-second pilgrimage to the water-tank.

And the woman who wants air had just torn off her last remaining finger nail in trying to get her window up.

This was on a railroad in the State of Arkansas.

A youthful figure appears, holding something in his hand upon which the light glitters. He presents it in a significant manner, and cries:

"Now, gentlemen, your money—"

Fifty men turn pale, and cry, "Don't shoot!"

Twenty females scream with one voice, and some faint.

There is a hasty thrusting of watches and pocket-books beneath cushions and into boots.

Strong men fight for a place under the seats where they can secrete themselves.

"Gentlemen," again cries the boyish voice, ringing high and clear above the screams of women and din of the train (gasps for mercy from some of the men), "let me sell you some of this excellent tropical fruit," and he extends in his dexter hand—a banana.

It was the train boy, pursuing his useful and harmless vocation. — (Cincinnati Saturday Night.

How to Increase Your Income.

Just at this season of the year there are, among our readers, those looking for employment for the next six months. We have lately received from L. E. Brown & Co., the well-known manufacturers of specialties for agents to handle, a request to put them in communication with one or more suitable persons in this locality to act as agents in introducing several of their patent household articles to this community, and after careful consideration, we take this method to comply with their request. The firm are manufacturers of a large number of household articles which they introduce to the public by means of agents, having as many as 1,000 persons in their employ. The particular articles which they seek here, at this time, are: Brown's Peerless Sifter, generally acknowledged to be the best in the world and of which nearly one million were sold during the last year; the Kitchen Queen, the latest and best invention in Coal Oil Lamp, and the only absolutely Safe Lamp made; the Centennial Cake and Bake Pan, an article which has a national reputation and is the delight of every housekeeper; the Half Minute Egg Beater, which always sells at sight; and the new Alto Relievo Bronze Profile Cast of JAMES A. GARFIELD, with memorial frame, the best selling article ever put into the hands of an agent, the best of all the portraits, chromos or steel engravings that have been offered. It is a truer likeness of the martyred hero than any we have ever seen before, and its price brings it within the reach of all. For this county, Messrs. Brown & Co. desire as many agents as can work advantageously. Any smart, intelligent lady or gentle-

man can make a fine income in this way. The firm will send to any responsible person FREE work, a complete outfit of these goods, to the amount of five dollars. The reputation of this house is first rate; the goods are what they represent them to be; their terms are liberal, and we advise those looking for genteel, remunerative employment to send to them for further information. In Memoriam.

HATTIE was the pet of her family, the oldest and the darling; your chair is vacant, your place at the table, your sweet and prattling tongue at their fireside at night are missed. It is hard to give you up, Hattie, in the bud of life, a sweet and tender flower. But alas! how changed that lovely flower that bloomed to cheer our hearts. How soon we are called to part; but God knows best, and your happiness is now complete. And though it is a hard trial to give you up, we would not call you back, Hattie, and rob you of the joys that are now yours. You were too sweet for this world with its troubles.

All that's bright must fade,
The brightest, yet the fleetest:
All that's sweet was made
But to be lost when sweetest.

A SCHOOL-MATE.
